

Team Involvement in Demonstration

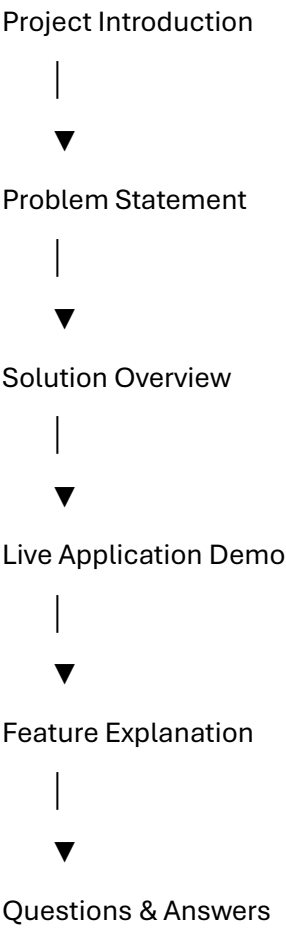

1. Introduction

The project demonstration requires effective coordination among team members to present the Smart Lender system professionally. Each member is assigned specific responsibilities to ensure that all aspects of the project are explained clearly.

2. Team Responsibilities

Team Activity	Responsibility
Project Introduction	Introduce the project and objectives.
Problem Statement	Explain the problem addressed by the system.
Solution Overview	Describe the proposed solution and architecture.
Live Demonstration	Run the Flask application and perform loan prediction.
Feature Explanation	Explain the implemented features and technologies.
Question & Answer	Respond to evaluator queries.

3. Demonstration Workflow

4. Expected Outcome

- Effective presentation of the project.
- Clear explanation of system functionality.
- Successful demonstration of loan prediction.
- Better understanding of the project's implementation.
- Positive interaction with evaluators.

5. Conclusion

Proper planning and team coordination ensure a smooth and successful demonstration of the Smart Lender project. Well-defined responsibilities help present the project confidently and effectively.
